🎓 EDUCATION

G H Patel College of Engineering and Technology (GCET), Gujarat, India 2015 – Present
Bachelor student in Mechanical Engineering (ME), expected June 2019

👥 EXPERIENCE

Kharagpur Winter of Code December 2017
Project Mentor

Brief introduction: Organized by Indian Institute of Technology, Kharagpur

- Mentor for B.E.N.J.I.- a digital assistant
- Mentor for SciRuby notebooks- implementations of NLP and ML in Ruby
- Mentored about 20 students for the whole month of December

NJACK Winter of Code December 2017
Project Mentor

Brief introduction: Organized by Indian Institute of Technology, Patna

- Mentor for nervy-notebooks- implementations of deep learning algorithms in IPython notebooks
- Mentored three students

Central Drug Research Institute March. 2017 – August 2017
Research Intern

Brief Introduction- Selected over a 100 candidates

- Wrote a series of podcast about the impact of Internet of Things(IoT) on neuroscience
- Also researched the use of various time series in cellular biology and climate change.

⚙️ SKILLS

- Programming Languages: Python>MATLAB>Ruby>R>C>C++
- Platform: Windows
- Development: Web
- Libraries- nltk,cltk,scikit-learn,keras,theano

♥️ HONORS AND AWARDS

<i>Top 50</i> , Microsoft Big Idea Challenge	Feb. 2018
<i>Speaker</i> , Open Source Summit	Jan. 2018
<i>4th Position</i> ,Kharagpur Winter of Code	Dec. 2016

📄 MISCELLANEOUS

- Interests: Natural Language Processing(Stemming algorithms particularly)
- Blog: <https://the-ethan-hunt.github.io>
- Languages: Fluent- English, Hindi, Gujarati, Marathi
